**CONSTRUCTION MANAGER (Ref No. 12285)**

Location: Singapore; Has extensive experience with working as construction manager in the offshore oil and gas industry and fixed platform, drilling facilities, FPSO, Semi Submersible Drilling Rig new building and upgrading project.

**E&I TURNOVER ENGINEER (Ref No. 12328)**

Location: Brunei; Responsible for E&I documentation, coordinate within construction & commissioning for system handover and maintain E&I inspection report. Be involved in all E&I turnover activities; Candidates must have relevant experience and experience of working on LNG power plant project.

**CAD DESIGNER ELECTRICAL (Ref No. 12576)**

Location: Singapore; Experience working in EPC project.

## DIRECT ASSIGNMENTS FOR 2 YEARS (Work Location: Singapore):

- 1. ELECTRICAL ENGINEERS (Ref No. 12646)**
- 2. PROCESS ENGINEERS (Ref No. 12645)**
- 3. E & I (Ref No. 12644)**
- 4. PIPING ENGINEERS (Ref No. 12642)**
- 5. STRUCTURAL ENGINEERS (Ref No. 12641)**

- Positions 1 to 5 require a good knowledge of international standard/codes such as API/AISC/AWS; must be familiar with SACS/PDMS and PDS software; Min. of 3-5 years experience in oil and gas projects preferably FPSOs and topside fabrications; Must have experience working in fabrication yard in the same capacity; only open for Asian Nationals;

### **PAINTING SUPERVISORS (Ref No. 12649)**

Good knowledge of international codes such as AWS D1.1, ASME31.3, ASME Section IX etc.; MT and/or PT PCN Level 2/UT PCN Level 2 with at least 3.1 and 3.2/CSWIP 3.1/3.2 certification or equivalent with relevant technical certificate with a minimum of 5 years experience in oil & gas industry; Possess NACE, British Gas or equivalent certification is an added advantage; Min. of 3-5 years experience in oil and gas projects preferably FPSOs and topside fabrications; Must have experience working in fabrication yard in the same capacity; only open for Asian Nationals

### **INSULATION SUPERVISORS (Ref No. 12648)**

Min. of 3-5 years experience in oil and gas projects preferably FPSOs and topside fabrications; Must have experience working in fabrication yard in the same capacity; only open for Asian Nationals

### **PIPING SUPERVISORS (Ref No. 12647)**

Good knowledge of assembly fit and welding in accordance with codes (ASME 31.3) and company specifications; Min. of 3-5 years experience in oil and gas projects preferably FPSOs and topside fabrications; Must have experience working in fabrication yard in the same capacity; only open for Asian Nationals

### **PLANNER (Ref No. 12653)**

Location: Singapore; Min 5-10 years topside/FPSO experience in the same capacity; Primavera 3 expertise is a must

### **QUANTITY SURVEYORS (Ref No. 12654)**

Location: Singapore; Min 5-10 years topside/FPSO experience in the same capacity; contract administration, Material take-off, read and take quantities from drawings

### **QC INSPECTORS (Ref No. 12509)**

Location: Singapore; **Welding Inspector:** Should be CSWIP certified; **NDT Inspector :** Should be PCN certified inspectors for UT and MT; **Painting Inspectors:** NACE or BGAS certified inspector

All the position should have minimum 3-5 years experience in oil & gas industries projects preferably FPSO and topside fabrications. Must have experience in working in fabrication yard in the same capacity and should have good knowledge of international codes such as AWS D1.1, ASME31.3, and ASME Section IX etc.; Only open for Asian Nationals.

### **AREA MANAGER (Ref No. 12651)**

Location: Singapore; - Min 7-10 years topside/FPSO experience in the same capacity

### **COMMISSIONING TECHNICIANS -Mechanical, Electrical, Instrumentation (Ref No. 12650)**

Location: Singapore; - Min 3-5 years topside/FPSO experience in the same capacity
